Inspire and Be Inspired!

Dec 3, 2026
The Peninsula Hotel, Shanghai

(from Latin inspirare - "in-spirit")

to encourage, excite, or breathe life into

Inspiring is one of the high-trust leadership behaviors that can build trust in the workplace.

Fostering a culture of Inspiration starts with leading by example. It's sowing seeds of ideas that resonate with the individuals and multiply to the collective of the organization.

In the workplace, being inspired is being "in-spirit" with the company's values and mission, while with your words and actions inviting the whole team to do the same.

Celebrating 15 years of certifying, recognizing, and awarding Great Workplaces in Greater China!

We want to celebrate you for being an inspiring company, and one of the Best Workplaces™ in Greater China
